Pat,
The Accession Number is 0000173. I assume we can ignore the files that begin with the character "~".

Regards,
Doug

Hi Doug,

Guess I wont be passing you too many more data sets.
Who should I send them to when you've been de-incarcerated?

Here's a fresh dataset. 3 more similar sets on the way over the next few weeks.

Wish I could be there for your retirement party!

Cheers, Pat
